

Evidence item 7

Appendix III

This section includes;-

The explanation and details of our “full statement of justification” to be read in conjunction with the “summary of justification” contained in question 7 of the Application form 44 (see volume 1 of 3, section 3).

Application for the registration of a Town or Village Green
At Stoke Lodge Parkland, Stoke Bishop, Bristol, BS9 1BN.
Justification statement

In the “Summary of Justification” contained in question 7 of the Application Form 44, we confirm that, *“In summary our justification and motivation is because Town or Village Green Registration will provide the protection we seek to ensure that free community access will continue for existing recreational uses; and to protect this open green space for future generations to enjoy and benefit from, as we have done; and importantly we consider that we do meet the Commons Act 2006 qualifying criteria to secure registration.”*

The detail to support this is contained in;

- a) Our covering letter, (volume 1 of 3, section 2)
- b) The particulars given in the Application Form 44, (volume 1 of 3 section 3)
- c) The details of the land submitted for registration as part of the Statutory Declaration, (volume 1 of 3, section 4)
- d) The supplementary arguments presented for consideration, and all the supporting evidence referred to, (volume 1 of 3, section 5)
- e) The Witness Statements and Evidence Questionnaires, 54 in total, (volumes 2 of 3 and 3 of 3.)
- f) A visit to the site by the deciding person or body will convince that person or persons of the importance to ensure that this magnificent amenity is not lost to the community, now or in the future, and hence the need for the Application to be submitted for judgement.
