10th March 2013

Dear Mr Dunsdon

Application for Registration as a Town or Village Green: Number 24:
At Stoke Lodge Parkland, Shirehampton Road, Stoke Bishop, Bristol, BS9 1BN.

Following on from the Inspector's site visit on 21st February 2013 and the discussion regarding the exact location of the South East Boundary adjacent to Parry's Lane we are pleased to clarify our Application.

Please see attached our updated Plan of the South East end of the Parkland prepared at a larger scale than the originals to include more detail. We are excluding the land beneath the Maintenance sub contractor's storage unit and limiting our Application to the inner fence line as indicated by the thick red line on the updated plan.

Please refer to our response dated 31st March 2012, Tab 5, 'Photographs of access points to Stoke Lodge Parkland' in particular photographs ref 7a, 7b, 8b & 8c.

We are also excluding the land beneath the Sports Pavilion adjacent to the entrance at the end of West Dene from our Application.

For information we are also attaching a copy of the Ordnance Survey map we used to prepare our updated plan.

Furthermore we have noticed that our Legal Statement issued on 31st January 2013 contains two typing errors; on the contents page the date included in items 11 & 12 should read 2012 (not 2010), this error is repeated on page 5 of 11 in the heading to paragraphs 11 & 12. We apologise for this error and hope it does not cause any confusion or inconvenience and ask that you amend your paper copies accordingly. Please confirm if you wish me to reissue an amended electronic copy.

Yours truly

David Mayer
On behalf of Save Stoke Lodge Parkland
